THE CAMP

METHODOLOGY:

The beach and the sea are the protagonists. This program takes place in the Los Lances Natural Park, facing the sea. Our goal is an immersion in nature through outdoor sports.

We stay at a campsite on the beach. We occupy a large and limited area of exclusive use for us. Campers sleep separated by gender and age in tents. Each counsellor takes care of eight students. For the activities, we divide the campers into 4 age groups. The program is completed with entertainment evenings, parties and excursions.

We finish the program with our Olympic Games where we emphasize the importance of participation, perseverance, and having fun.

OUTSOURCE ACTIVITIES:

SAILING REAL CLUB NAÚTICO OF SOTOGRADE - Please note that due to the nature of the wind we cannot guarantee sailing every day. In the event that conditions are not good for sailing, we will resort to our alternative planned activities.
