

Layos Camp Santander

11 to 16 years old

General information

Our two-week program in the north is a response to the growing demand of "campers" focused on surfing. It's a complete sport that provides fun, health, and well-being. The sea is a good ally to train them since it develops a sense of responsibility and respect for nature. The beaches of Somo and Loredo have a vast 9-kilometer sandy area, an optimal site for this sport due to their orientation towards the open sea and long waves that provide space for both beginners and those who already master the sport. At this time, surf schools fill the beach, creating a sporty and healthy atmosphere.

We will be staying at Plea Beach House, an accommodation chosen from many for its style, location, food, and, most importantly, the team of professionals. We will place special emphasis on our 'challenges,' which are a central part of our 'teens' programs. These challenges reinforce the values that we consider most important at this age: teamwork, fellowship, willpower, and perseverance.

Optional yoga and Crossfit sessions in the early mornings or at sunset, nutrition and wellness talks, hiking...

Our instructors, trained in our official school, Castillo de Layos, will attend to the students throughout the two weeks. Each one dedicated to their unit (6 students), they will assist them in all their needs. Completing a program where there will be no lack of fun and that familiar atmosphere that characterizes us.
