

# Layos Camp Toledo

6 to 12 years old

## General information

The camp is hosted at our longstanding facilities in Layos, where we have been operating for the past 37 years, located just a few kilometers from the city of Toledo. Our primary offerings revolve around outdoor sports, nature exploration, and creative workshops. Each day, campers have the opportunity to engage in a diverse array of six different activities, including access to a swimming pool, free time for personal pursuits, a period of relaxation following lunch, evening entertainment, and day trips to various destinations.

In addition to these enriching activities, students actively participate in essential tasks such as housekeeping duties, daily laundry responsibilities, and assisting with the dining room setup and service.

Campers are organized into two distinct age groups: "The Eagles" (ages 6-9) and "The Crows" (ages 10-12). After completing a rotation through all available activities, campers have the liberty to select their daily preferences. These activities are overseen by dedicated counselors specializing in free time activities or sports technicians who have received training through our accredited institution. Our vigilant supervision ensures a monitor-to-student ratio of one monitor for every four students.
